TU EL	re Role of CIA in Satellite Reconnaissance	
1.	CIA has limited technical management assets.	
2.	Charyk has established an evaluation office under Greer. They are due to report in about one month on all proposals.	
3.	Charyk believes payload should be part of overall system and not managed separately.	
4.		25X ²
5• 	CIA should avoid being saddled with security responsibility alone in any future programs.	
б.	CIA should insist on right to consideration of its views in future satellits systems as to	
	a. quality and quantity of photo reconnaissance	
	b. nature, quality, and extent of ELIRT reconnaissance	
	c. security aspects
